The Point Mallard Prayer Chapel was constructed through the efforts of local volunteers who relied on contributions from various sorts to construct and develop this facility.

The Point Mallard Prayer Chapel will seat approximately 80 people on bench style seating (benches do have back supports). Party reserving the facility must provide their own minister, piano, decorations, etc. There are electrical outlets at the altar and fans with lighting overhead. Please keep in mind that the facility is an open air building with no security. We suggest all decorating take place the morning of the ceremony to assure safety.

As a reminder, this facility does not have restrooms or a dressing area.
